ABOUT US

KLS GIT is the flagship Institute of Karnatak Law Society, Belagavi established in the year 1979. KLS GIT is Approved by AICTE and UGC, permanently affiliated and Autonomous under Visvesvaraya Technological University (VTU), Belagavi and conferred with NAAC A+ and NBA accreditation. KLS GIT offers 10 UG including B.Sc. (Hon.) and B.Arch., 7 PG including MBA, MCA and Integrated MCA. Also runs 10 Research Programmes approved by VTU, Belagavi. KLS GIT has the honor of sheltering over 4500 students and more than 250 qualified and motivated faculty. KLS GIT has Excellent infrastructure spread over 23 acres of mango meadows comprising of excellent facilities like Flexible Manufacturing System (FMS), 3-D Printing, CAD/CAM, AI & ML, Python, Data Science & Cyber Security, Structural & Transportation Engineering, Digital Signal Processing, Network Analysis, VLSI, High Voltage Engineering, Power Systems, Aerodynamics, Aircraft propulsion and Advanced Flight Simulation and Nano Science.

PRINCIPAL'S MESSAGE

Greetings All!

I am extremely happy to see the re-launch of <http://www.git.edu/>, the official website of Gogte Institute of Technology. Our institute has been a hub of many activities of excellence and achievements both by students and staff. The website would provide an effective platform to showcase all such details. Also, this would serve as a motivating tool for all concerned. GIT has been known for its academic credentials coupled with holistic growth in all directions and spheres. The first decade of 21st century has been really great for GIT. The institute has achieved a series of milestones. Credit for the same undoubtedly goes to our brilliant students and dedicated staff. We are thankful to the Chairman and Members of Karnatak Law Society and Governing Council who have been always encouraging and supportive for all our endeavors. We are sure that, GIT will reach newer heights in the days to come as we believe in ourselves..

Dr. M. S. Patil
Principal

HOD'S MESSAGE

Warm Greetings!

It gives me immense pleasure to announce that the Department of Computer Science is releasing its first newsletter for the Academic Year 2023-24, Odd Semester. The purpose of this newsletter is to highlight and celebrate the activities and achievements of our dedicated faculty and talented students within the department. We take pride in providing an exceptional academic environment, driven by a team of highly qualified faculty members who inspire our students to hone their technical skills and foster a spirit of teamwork.

I would like to extend my heartfelt congratulations to the faculty coordinator and all the student members of the Editorial Team for their collaborative efforts in releasing the inaugural volume of our newsletter, "Bites & Bytes."

As the Head of the Department, I would also like to take this opportunity to express my gratitude to all the faculty members, non-teaching staff, and students for their unwavering support and sincere efforts towards the continuous betterment and development of our department.

"Keep Learning and Keep Growing."

Dr. Sanjeev S. Sannakki

Prof & Head of The Department

Prof. Mahesh A. Kori, along with co-inventors Dr. Sharada M. Kori, Nagaraj Sheeli, Jay Sabnis, and Tushar Puranik, published a patent titled "Automated Mold Box Counting and Tracking System in Foundry using Internet of Things." Published on 17. May. 2024.

• In May 2024, Dr. Sanjeev S. Sannakki published a paper titled 'DocuAnswer' In the International Research journal - TIJER.

Dr. Kavita D. Hanabaratti selected as a reviewer for the International Conference on Wireless Communication and the Internet of Everything (ICWCIE-2024). The Department of Electronics & Communication Engineering organized the conference and will be held at Siddhartha Institute of Technology in Tumakuru from June 21-22, 2024.

Dr. Sanjeev S. Sannakki attended the IEI Belagavi event for "World Telecommunication and Information Society Day"! On the topic of "Digital Innovation for Sustainable Development," on 24th May 2024. Your participation in such a significant event highlights your dedication.

• Dr. Sanjeev.S. Sannakki, Dr. V.S. Rajpurohit, & Dr. K.P. Sambekar published your paper on "Cloud Based Framework for Depression Detection using Machine Learning" in the Indian Institution of Industrial Engineering Journal, Bombay On 11. May. 2024.

Dr. Kuldeep S. and Team Successfully completed 1st event of CypherX- The Technical Odyssey under the IEEE-Information Theory Society. On 28. May. 2024

KLS Gogte Institute of Technology conducted a 24-hour hackathon in the campus on the 4th & 5th. June 2024. A hackathon is an event where people engage in rapid and collaborative engineering for the period. Dr. Sharada Kori, Prof. Sagar Pujar, and the entire team of Hackathon for accomplishing the "Hack to Future 24" event grand success.

Dr. Kuldeep Sambrekar organized an Expert talk on "Journey from GIT to the United States: Mastering the art of Database Management" on 5th June 2024. By Vaishnavi Kulkarni Master In Information System Northeastern University

Dr. Sharada Kori successfully supervised students in the implementation of a "Mechatronic Timer System for Melting Furnace" at AKP Foundry

• Dr. Sharada Kori has effectively mentored students in "Development of Mechanism for Commutators Slot Cutting" at CMC Commutators.

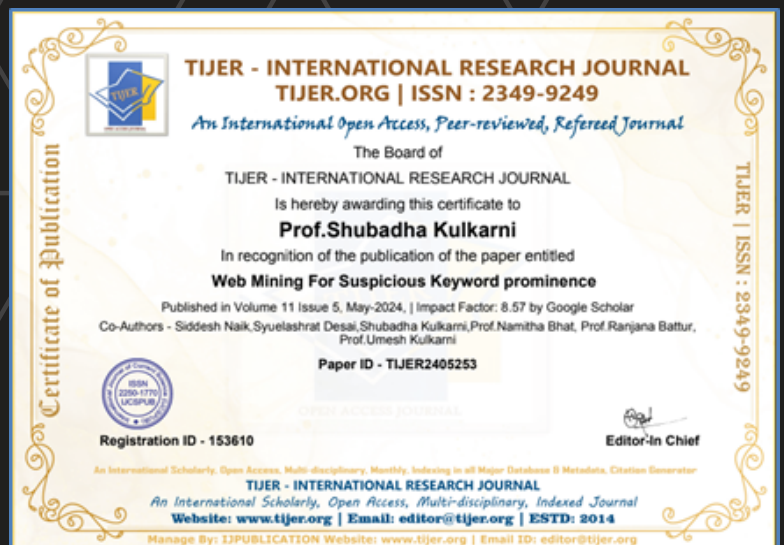

• Dr. Sharada Kori provided effective guidance to students on the "Waste Management System" project at AKP Foundry.

• Dr. Sanjeev Sannakki and M.Tech student co-authored a paper titled "Plant Seedling Classification Using Machine Learning", published at IIIE, Bombay in June 2024.

• In May 2024, Prof. Shubhada Kulkarni published a paper titled "Web Mining for Suspicious Keyword Prominence" in the International Research Journal (TIJER).

• Prof. Sagar Pujar and Prof. Pavan Korahalli organized a "Resume Writing" workshop on May 20, 2024, for 6th-semester students of CSE and ECE.

• Dr. Arundhati Nelli and Dr. Ranjana Battur coordinated the college-level Orientation Program on "The Impact of Research and Development on the Education System" for faculty and research scholars of VTU-affiliated colleges (Belagavi Zonal Level). This event, organized by KLS Gogte Institute of Technology, Belagavi in association with VTU Belagavi, took place on June 8, 2024.

• Arranged Wonderful hands-on session on "Modern Automation tools used in Agile project management" on 14th June 2024, one of our esteemed alumnus & adjunct faculty of CSE and External BOS member Mr Sandeep Tengale, Software design engineer at VISA Bengaluru for 4th semester students. Students appreciated the deliberations n planning

• Dr. Kavita D. Hanabaratti organized the event on 24th April 2024 to provide students and faculty members with valuable insights into the importance of creativity and

innovation. World Creativity and Innovation Day (WCID) celebrates the innovative spirit and creative endeavors that drive progress and shape the future. It is a day dedicated to recognizing the significance of creativity and innovation in solving challenges, driving economic growth, and fostering a better world.

*THE MORE THAT YOU READ,
THE MORE THINGS YOU WILL
KNOW. THE MORE THAT YOU
LEARN, THE MORE PLACES
YOU'LL GO.*

• DR. ARATI SHAHAPURKAR & N. V. KAREKAR CONDUCTED A SESSION ON "HOW TO PLAN A STARTUP: LEGAL & ETHICAL STEPS". SPEAKER VINAYAK KULKARNI FOUNDER & CEO VANDYAM SOFTWARE SOLUTIONS, BELAGAVI ON 16. JUNE. 2024.

• DR. ARATI SHAHAPURKAR & N. V. KAREKAR CONDUCTED A SESSION ON "HOW TO PLAN A STARTUP: LEGAL & ETHICAL STEPS". SPEAKER VINAYAK KULKARNI FOUNDER & CEO VANDYAM SOFTWARE SOLUTIONS, BELAGAVI ON 16. JUNE. 2024.

• Dr. Arati Shahapurkar, Namitha Bhat, and Amruta Deshpande organized an expert talk on "AI Landscape & Production Management." The speaker

for this event was Chetana Sarang, Founder & CEO of Dattamsh. The event took place on June 19, 2024.

EDUCATION IS THE FOUNDATION UPON WHICH WE BUILD OUR FUTURE.

• Dr. Arati S. Shahapurkar, Asst. Prof. Dept of Computer Science and Engineering, KLS GIT, Belagavi. I have been invited as a Resource Person for a seminar on "Project

Guidelines" by Sangolli Rayanna First Grade Constituent College Belagavi. On 20. June. 2024

• Dr. Kuldeep Sambrekar published a paper on "Detection of Drowsiness in Drivers using Deep Learning Techniques", in Technix International Journal for Engineering Research, Published in Volume 11 Issue 4, TIJER 2404250 May-2024.

THE ROOTS OF EDUCATION ARE BITTER,
BUT THE FRUIT IS SWEET.

• Dr. Kuldeep Sambrekar published a paper on "Innovative Irrigation Solutions for farmers with market driven approach", in Technix International Journal for Engineering Research, Published in Volume 11 Issue 4, TIJER2405006, May-2024

| 7. | Dr. Virupaxappa S Betageri, Special Officer, Visvesvaraya Technology University Belagavi. | Member Convener |

Scope of the Committee:
 With reference to the above subject, Applications are invited from prospective Research Supervisors having Doctoral Degree in Faculty of Civil Engineering Sciences, Mechanical Engineering Sciences, Electrical and Electronics Engineering Sciences, Computer and Information Sciences, Technology, Management, Applied Sciences and Faculty of Architecture, working in a recognized academic institutions and/or a Scientist/Engineer working in a recognized research Establishment/ Industry. The requisites of the applicants for consideration as Research Supervisor/Co-Supervisor's are as per notifications. The scrutiny of the applications received for the recommendation for approval of VTU-Research Supervisor as per the Regulation Governing the Degree of Doctor of Philosophy (Ph.D.)-Amended 2023. You are required to scrutinize the applications and submit your opinion in this regard, for further processing. All are requested to attend the same as per the schedule.

Efficient algorithm for error optimization and resource prediction to mitigate cost and energy consumption in a cloud environment

Sangeeta Sangani¹ · Rudrapad Patil¹ · R. H. Goudar¹

Received: 11 November 2023 / Accepted: 2 January 2024 / Published online: 24 February 2024
© The Author(s), under exclusive licence to Bharati Vidyapeeth's Institute of Computer Applications and Management 2024

Abstract As cloud computing continues to grow, the energy consumption of cloud-edge resources has become a concern, particularly in terms of cost of energy and environmental effects. Therefore, reducing energy consumption in cloud-edge environments is an important issue that needs to be addressed to ensure sustainable and cost-effective cloud services. The existing approaches face challenges in achieving optimized energy consumption and workflow execution delay while maintaining reliability. Therefore, there is a need for a novel approach that can address these challenges and provide an effective solution for managing scientific workflows in a hybrid cloud environment. This paper introduces Resource Prediction and Scheduling Error Optimization (RPSEO), a novel approach for optimizing energy consumption and workflow execution delay in cloud-edge environments. The proposed method leverages a task-ordering web server management system and a soft-computing-based searching algorithm. Evaluation of EpiGenomics and SIPHT workflows demonstrates significant improvements, surpassing existing methods: Reliability-Aware Cost-Efficient Scientific (RACES), Delay Aware and Performance Efficient Energy Optimization (DAPEEO), and Reliable and Efficient Webserver Management (REWEM) with better

average energy consumption performance (up to 43.92% and 35.93% for EpiGenomics and SIPHT) and cost efficiency (up to 44.53% and 73.50% for EpiGenomics and SIPHT). RPSEO emerges as a promising solution for reliable and efficient scientific workflow management in hybrid cloud settings.

Keywords Hybrid cloud · Workflow · Energy consumption · EpiGenomics · SIPHT

1 Introduction

Cloud computing is a model for delivering computing resources, including storage, servers, networking, databases, analytics, software, and intelligence, over the Internet on a pay-per-use basis. Instead of owning and maintaining their physical infrastructure, companies can use a provider's cloud computing services to access computing resources on demand. Cloud computing has many advantages, such as scalability, low operating costs, and adaptability. It enables organizations to effortlessly adjust the quantity and quality of their computer resources in response to fluctuating demands while incurring only the expenses related to their actual usage [1]. The cloud has introduced edge servers or data centers as a way to improve the performance of applications and services by moving computing resources closer to end-users or Internet of Things (IoT) devices [2]. Edge servers are a type of distributed computing architecture that enables data processing and analytics to occur closer to where the data is generated. This reduces network latency and improves the overall performance of applications and services. Edge servers typically run on lightweight hardware and are optimized for specific workloads [3]. They can work in conjunction with cloud-based computing resources,

POWERFUL WEAPON WHICH YOU
CAN USE TO CHANGE THE WORLD.

Prof. Namitha B. published paper in the International Journal (IRJMETS) on "Employee Exit Prediction Using Machine Learning Models" on 5th May 2024

• Prof. Girish Deshpande published a paper in the International Research Journal (TIJER) on "Hand Gesture Recognition Robot using IoT Technique" on 5th May 2024.

• Dr. Kavita D. Hanabaratti published a paper in the International Journal of Innovation Research in Technology on "Ensemble Learning For Diabetes Prediction: A Comprehensive Approach" on 1st June 2024.

• Prof. Girish Deshpande attended Educationexpo at Hospet on 18th & 19th May 24

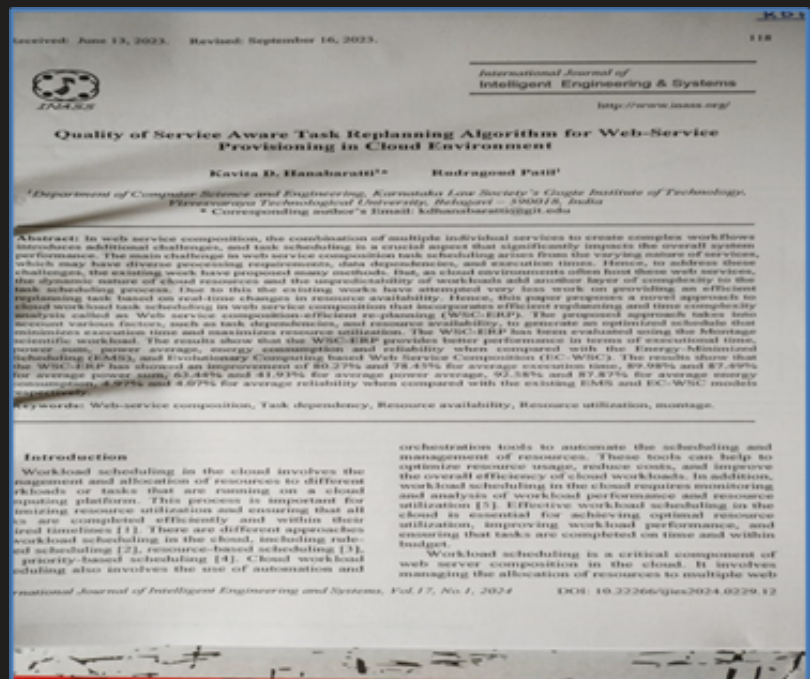

• Prof. Shubhada K. and Prof. Raghavendra J. and total of 46 students from various branches in college attended Srishti 2024 in Bengaluru from 24-26 May 24.

EDUCATION IS NOT
PREPARATION FOR LIFE;
EDUCATION IS LIFE
ITSELF.

• Dr. Kavta D. Hanabaratti & Dr. Rudragoud Patil for paper published in the International Journal of Intelligent Engineering & Systems on "Quality of Service Aware Task Replanning Algorithm for Web-Service Provisioning in Cloud Environment" on 13th June 2024.

• Dr. Kuldeep Sambrekar published a paper on "Privacy-Preserving and Ranked Search Using Advanced Multi-Keyword Scheme Over the Encrypted Cloud Environment", in the Journal of Electrical Systems, ISSN: 1112-5209.

KLS Gogte Institute of Technology, Belagavi, organized "Arohana" through its IEEE Student Chapter. The event featured Dr. Thittaporn Ganokaratanaa, Secretary of the IEEE Thailand Section, as the Chief Guest, and Dr. Mardeni Roslee, Chair of the IEEE Malaysia Section, as the Guest of Honour. The inaugural and installation of the Board of Directors took place on June 22, 2024, in the Silver Jubilee Auditorium.

KLS Gogte Institute of Technology Hosts Alumni Meet 2024

The Department of Computer Science and Engineering at KLS Gogte Institute of Technology organized a memorable Alumni Meet on 13th July 2024. The event, held at the MBA Seminar Hall, saw a vibrant gathering of alumni from various batches, reuniting to celebrate the cherished moments of their college days.

• Dept. of CSE (ACE-CSI) at KLS GIT Successfully Conducts "Insight into Software Testing" Workshop for 2nd Semester Students! On 29. May. 24, Ms. SrushtiKadalagia dedicated 4th-semester CSE student, led an engaging and informative workshop titled "Insight into Software Testing" for 2nd-semester students under the prestigious CSI KLS GIT banner. The workshop covered an in-depth overview of the Software Development Life Cycle (SDLC) and testing, providing attendees with critical knowledge and skills. We extend our heartfelt thanks to all the enthusiastic participants for their active involvement, making the workshop a resounding success. Special gratitude goes to: Workshop Coordinators: Prof. PankajaPatil and Dr. KavitaHanabaratti CSI Coordinator: Dr. Sharada Kori for their invaluable support and coordination. Also, lthanks to our HOD, Dr. Sanjeev Sannakki and our Principal, Dr. M. S. Patil, for granting this wonderful opportunity to contribute to our students' learning journey.

Presents
Workshop on
"Insight Into Software Testing"
 Speaker : Ms. Srushti Kadalagi
 Date : 29-05-2024
 Time : 08:30 am
 Venue : AT-13
 ACE - CSI

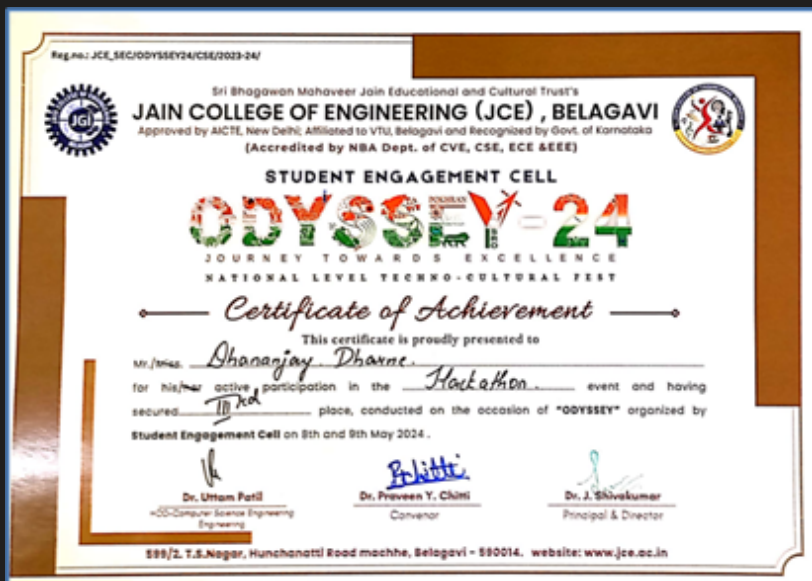

• Mr. Harsh Bhandage and Mr. Parth Narvekar secured 1st place in the Paper Presentation competition at Vencer-24, a national-level techno-cultural fest held at Angadi Institute of Technology on May 31 and June 1, 2024.

Miss Srushti Kadalagi (CSE) secured 1st place in UTSARG 2024, an event organized by the IEEE Student

Branch on June 8, 2024, at KLS Gogte Institute of Technology, Belagavi

• Mr. Dhananjay Dharme secured 3rd place in the Hackathon event of ODYSSEY-24, organized by Jain College of Engineering, Belagavi on 9th May 2024.

• Second-year students from KLS GIT (CSE and ISE), Srushtikadlagi (CSE), Bansidhar Patil (ISE), Shivani Raddi (CSE), and Diksha Gunaji (CSE), participated in the 'Code for Green' Hackathon organized by the IEEE AESS Society at BEC College Bagalkote and won first place on June 9, 2024.

• Mr. Om Vasudev secured 2nd place in the National Level 12-Hour TCE Hackathon 2024, organized by Tontadarya College of Engineering, Gadag, on May 2, 2024.
