FROM THE PRINCIPAL'S DESK

Dear Sir/Madam,

It gives me immense pleasure to present the September–October 2025 edition of *Spectra*. This period has been vibrant with academic, cultural, and research activities at KLS Gogte Institute of Technology. We proudly partnered in hosting the **NASA Space Apps Challenge 2025**, encouraging innovation and creativity among young minds. The celebration of the **International Year of Quantum Science and Technology** with the screening of award-winning short films was another highlight, inspiring students to explore the frontiers of physics.

The **Freshers' Welcome Function and Student Induction Programme** set the tone for our new entrants, blending expert talks, social sensitization, and experiential learning. Visits to institutions such as **Ramkrishna Mission Ashram, Mahesh Foundation, and Shantai Vrudhashram** instilled values of compassion and responsibility. We are equally proud of our alumni who continue to bring laurels to the institute, from pioneering **EV battery-swapping stations** to winning **national awards in e-governance**, excelling in endurance sports, and leading global technology initiatives. Faculty and students too have contributed significantly through impactful publications, patents, and professional accomplishments.

These collective achievements reflect the spirit of excellence and service that defines GIT. I extend my heartfelt appreciation to all contributors and look forward to continued success in the months ahead.

Warm Regards,
Dr M. S. Patil
Principal

Karnatak Law Society's
GOGTE INSTITUTE OF TECHNOLOGY

KLSGIT has been an educational partner in organizing NASA Space Apps Challenge 2025, which was held at Indus Altum International School, Belagavi on October 4 and 5. KLSGIT has sponsored a cash prize of Rs. 25000/- in different categories for the winners. The prize distribution ceremony was held on October 11. Shri H. Rayappa, a retired scientist from ISRO was the chief guest. **Dr. M. S. Patil, principal, KLSGIT** felicitated the winning teams.

KLSGIT celebrated the **International Year of Quantum Science and Technology** on October 11. In collaboration with Center for Quantum Technologies, Singapore, the event '**Quantum Shorts Encore**' was held in S. J. Auditorium. In this event, 15 award winning short films on quantum physics from all the editions of Quantum Short film festival were screened in three sessions.

Fresher's Welcome Function and Student Induction Program Phase-I September.2025-26

KLS Gogte Institute of Technology Belagavi had organized the **"Freshers Welcome Function" followed by the "Student Induction Programme"** for one week from 09th to 13th September 2025 for the fresh entrants of B.E./B.Arch. programs, in line with the AICTE and VTU directives. The main objective of this program was to acclimatize the students to the new environment and get them acquainted with the institution culture. The induction program comprised of interesting activities like expert lectures of health awareness, future opportunities, team building activities, social sensitization and campus orientation sessions. The rationale of induction programme was to ensure a smooth transition of the new students into the Engineering education system. Faculty coordinators worked extensively to ensure the smooth conduction of the entire program

A session on **"Importance of startup"** by **Mr.Gajendra Tripathi**, Incubation Consultant, KLS GIT was conducted from 10:00 AM to 11:00 AM in SJ Auditorium

A session on **"Cyber Security & Cyber Crime"** by **Mr. Sagar Pujar**, Assistant Professor, Department of Computer Science, KLS GIT was conducted from 11:00 AM to 12:00 Noon.

A session on "**Development of mental focus ability through meditation**" by **Mr. Jeevan Khatav**, Heartfulness Organization , Belagavi was conducted for B.E. I year students from 12:00 Noon to 01:00 PM.
The

Astronomy Club Activities:

Astronomy club of KLS Gogte Institute of Technology conducted a session for the first-year students on 12/09/2025 from 2 pm to 5 pm. The students were introduced to various activities of the club. A quiz competition and a join the dots competition was held by the executive members of the astronomy club.

IGBC Club Activities:

As a part of Induction Programme for first year students 2025-26. Introduction of IGBC students chapter was delivered by IGBC Convener **Prof. Uma G. Hullur**. Activity based event was conducted on 12-9-2025 at 3.00PM in Ganesh Temple Premises of GIT college. A group/team of 4 students was made and painting competition on the theme" Green Buildings: Shelter for sustainable planet" related to IGBC concept was given. A team has to explain about the use of the theme in concept of IGBC. The best three were awarded at the end of the event. **Prof. Pavan Gudi and prof Kartik Kulkarni**, Asst Professors, Department of Civil Engineering judged the event. Faculty co-ordinators, **Dr Sachin Kulkarni, Prof Pavan Gudi and Prof Kartik Kulkarni** along with student co-ordinators, Darshan, Rahul and Vijayalaxmi were present.

Local trip:

A visit to **Gokuldham** was organized on 13/09/2025 at 10 a.m. as a part of induction program for first year students of BE and B.Arch. Gokuldham is situated in village Chikale nearby Belagavi city, with exquisite natural beauty, heavy rainfall, and dense surrounding forests. It is spread across 450 acres. ISKCON had set up self-sufficient Krishna Conscious farm communities to demonstrate the principle of "**Simple Living and High Thinking**".

Visit to Ramakrishna Mission Ashram

As a part of Student Induction Program, a visit to Ramkrishna Mission was arranged on 13-09-2025. Nearly 200 students had participated in the trip with the local conveyance by four buses. A motivational talk on "Universal Human Values" by Swamiji was also arranged at the venue of Ramkrishnashram.

Visit to Mahesh Foundation

As a part of student's induction program, a visit to Mahesh foundation, Belagavi was organized for the students on 13-09-2025. Mahesh Foundation is one of the top NGOs in India working for HIV-positive and underprivileged children. Mahesh Foundation was started in 2008 and since then has been working to uplift HIV-positive and underprivileged children. The first year students were touched by the work of the NGO. Many students expressed their feelings and came forward to contribute to the social welfare by being the part of NGO. **Dr S. S. Kulkarni, Dr K. A. Thabaj, Prof. R. S. Adoor and Dr S R Kabbur** coordinated the visit. A donation cheque is handed over to Mr. Mahesh Jadhav, Founder, Mahesh Foundation by faculty coordinators.

Visit to Shantai Vrudhashram

Induction programme for first semester students of 2025 -26 was scheduled from 09-09-2025 to 13-09-2025 . 13th November was scheduled for "Activity based field visit " to all students. Ninety students visited "Shantai Vrudhashram". Shantai Vrudhashram is a famous old age home in Belagavi region. The primary objective of the residence is to offer refuge to men and women in need who are unable to live independently and lack familiar support. Around Ninety students visited Shantai Vrudhashram in two college buses. Dr Sheela A. Sangam, **Dr Bhavana Kulkarni** from department of Chemistry, **Dr Jitendra Gurjar** from Mathematics department and **Dr Veena K.** department of Physics accompanied students. Caretaker of Shantai Vrudhashram , briefed about daily routine of ashram. It accommodates both men and women and is committed to addressing every aspect of housing of residents, it has homely and peaceful atmosphere offering hygiene meals to all its residents. Our students were introduced about Vrudhashram. Awareness about social connect was given to them Students interacted with residents, made them play games. Students understood responsibility of taking care of elders of the family. As token of love oil, Biscuit and fruits were distributed among the residence.

Sanjay Kamat
VP, Site Head, Ceragon Networks, India
Center Bengaluru, Karnataka, India

Alumnus of Electronics & Communication, Class of 1992

With 30+ years of global experience across India and the US, he has led high-performing engineering teams and built core technology operations across startups and large enterprises. He is currently leading the establishment of the Global Capability Center (GCC) for Ceragon Networks in Bangalore. He managed complex ASIC and IP development programs and successfully established India operations for multiple US startups. He built world-class engineering teams in telecom, networking, compute, and SoC domains. He also co-founded a semiconductor startup (2007–2010), contributing to innovative wired and wireless connectivity solutions.

Alumni Achievements

We are delighted to share that **Mr. Narendra Murkumbi** (E&C, 1991 Batch), Managing Director of Energy In Motion (EIM) — promoted by Ravindra Energy Ltd. — has launched India's first public battery swapping-cum-charging station for heavy commercial electric vehicles at the Delhi International Cargo Terminal (DICT), Sonapat, Haryana.

The landmark event was inaugurated by Union Minister for Road Transport and Highways, Shri Nitin Gadkari, with Union Steel Minister Shri H. D. Kumaraswamy gracing the occasion as Guest of Honour.

EIM is pioneering a complete ecosystem for heavy electric mobility through advanced swapping stations, innovative leasing solutions, and renewable energy integration.

With automated battery swaps completed in just five minutes, this innovation marks a major step forward in addressing range and downtime challenges for EV fleets.

Heartiest congratulations to Mr. Narendra Murkumbi on this remarkable achievement!

We are proud to share that **Mr. Ram Kunchur**, alumnus of Information Science & Engineering, 2007 batch, Founder & CEO of Biometrik® Systems and former Head of Product Innovation at Digi Yatra Foundation, has been honored with the most prestigious National Award for e-Governance (Gold) – 2025 by the Government of India for his exceptional contribution to the Digi Yatra initiative.

This recognition is not just a testament to his professional excellence but also a story of passion, perseverance, hard work, belief, and trust in the human spirit. His journey inspires us all to dream big, stay resilient, and continue making a difference to society through innovation.

On behalf of the KLS GIT Alumni Network, we extend our heartfelt congratulations to Mr. Ram Kunchur on this remarkable achievement. We are truly proud of his contribution and wish him continued success in his endeavors.

Alumni Achievements

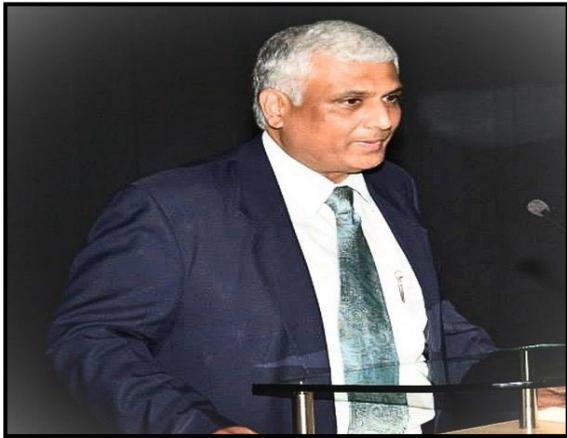

We are delighted to share a proud moment for our institute and alumni community. Our alumnus, **Megh Shivalkar** (Mech, KLSGIT), from Belagavi and currently working with Micron Technology, USA, has achieved an outstanding milestone in endurance sports. At just 21 years of age, he became one of the youngest Indians to complete a full IRONMAN World Championship and also secured 1st place in his age group at the 2022 IRONMAN Kazakhstan, qualifying for the World Championship. Additionally, at the full-distance IRONMAN California 2025, held in Sacramento, California, he successfully completed the grueling course consisting of a 2.4-mile swim, 112-mile cycling segment, and a 26.2-mile marathon run. Let us congratulate him on this remarkable achievement and wish him continued success in his athletic journey.

We are delighted to share that our esteemed alumnus from the 1987 batch, **Dr C. G. Karhadkar**, currently serving as the Director, IGCAR (Indira Gandhi Centre for Atomic Research), has played a pivotal role in a major milestone at the Kalpakkam Nuclear Plant. His achievement is a proud moment for the entire KLS GIT fraternity. We congratulate Dr Karhadkar for his exemplary leadership and significant contribution to India's nuclear advancement. Heartiest congratulations!

Alumni Achievements

We are delighted to congratulate our esteemed alumnus, **Mr. Niket Karajagi** (Mechanical Engineering, Batch of 1987), on his appointment as Vice Chairman, CII Pune GCC Forum,.

This remarkable achievement reflects his leadership, dedication, and impactful contribution to the industry.

We extend our heartfelt wishes for continued success in all his future endeavours.

Alumni Homecoming

We were pleased to welcome **Mr. Akshay Pai**, alumnus of Electronics & Communication Engineering, batch of 2012, as the Chief Guest for the Freshers' Welcome Function held on 31st October 2025.

Mr. Pai is currently serving as a Senior Digital Design Engineer at Allegro MicroSystems. His presence and interaction deeply motivated the young students, encouraging them to pursue excellence and make the most of their academic journey at KLS GIT.

We were delighted to welcome **Mr. Praveen Sawakar**, VP – Global System Integrator Partnerships, HCL Software, and alumnus of the KLSGIT Belagavi 1993 batch, Industrial Production branch visited the campus. He appreciated the recent developments and progress made by the institute and shared his fond memories of student life at GIT.

We were delighted to welcome **Mr. Nikhil Patil**, Director of Business Operations, Tyler Technologies, and proud alumnus of the 2006 batch, Computer Science & Engineering, to the campus. He visited the Department of Computer Science & Engineering and had an engaging interaction with the faculty and students. He appreciated the recent developments in the department and expressed his happiness to see the progress of his alma mater.

We were delighted to welcome **Mr. Prassana Sane**, alumnus of Electronics & Communication Engineering, Batch 2014, back to campus on 31st October 2025. His interaction with students and faculty was truly inspiring and encouraging.

Publications

Department of Aeronautical Engineering

Dr. L. Chikmath, published the research article titled "Investigating the dynamics of shock wave and flame interaction" in the Journal of Thermal Analysis and Calorimetry published by Springer <https://doi.org/10.1007/s10973-025-14781-w>

Department of Chemistry

- **Dr. P. S. Koujalagi and Karekar, J.M.**, (2025). have published a Book chapter titled **Activated Carbon and Polymeric Ion Exchange Sorbents for Metaldehyde Elimination**. In: Somya, A., Khan, A. - **K. A. Thabaj**, et.al, have published research paper titled , **Synthesis, Structural, Electrical, and Dielectric Properties of Sm³⁺ Substituted Ni-Cu Ferrites** International Journal of Self-Propagating High Temperature Synthesis, Volume 34, pages 139–145, (2025).
- **Kiran Thabaj**, et.al have published research paper titled **Targeting B-raf/MEK Signaling in Melanocytic Carcinoma Using HPLC-MS/MS Characterized Metabolites from Valeriana wallichii Rhizome**, **Pharmacological Research-Modern Chinese Medicine**, P.100674, 2025/8/14 Volume 16, September 2025, 100674.
- **Dr. Kiran Thabaj**, et.al have got patent for the invention titled **Valeriana wallichii-loaded tin oxide nanogel formulation for targeted melanoma therapy**. Application No.:202541077417 A .

Publications

Department of Computer Science and Engineering

- **Dr Prashant Niranjana, Dr Vijay S. Rajpurohit, Dr Ranjana Battur, Dr Ravi Kalkundri, Prof. Sagar S. Talagatti** published a research article titled **“Intelligent Question Classification Through Machine Learning Techniques”**. The paper appeared in the *International Journal of Environmental Sciences* (Vol. 11, No. 7, 2025), a Q3 Scopus-indexed journal.
- **Prof. Namitha Bhat**, Department of CSE, KLS Gogte Institute of Technology, Belagavi, has published a paper in the proceedings of the **3rd International Conference on Futuristic Technologies (INCOFT 2025)**. This publication highlights her contribution to advancing research in emerging technologies.
- **Prof. Veena K**, Assistant Professor, Department of CSE, KLS Gogte Institute of Technology, Belagavi, presented a paper titled **“Natural Language Processing Horizons: Techniques, Applications and Trends”** at **ICONAT 2025**, co-sponsored by the IEEE Bombay Section, held on 20th September 2025 at the International Centre, Goa.
- **Dr Ranjana B. Battur, Dr Vijay S. Rajpurohit, Dr Prashant Y. Niranjana** published a research article titled **“Image Captioning Using Deep Learning Techniques Like CNN-LSTM”** in the *International Journal of Environmental Sciences* (Vol. 11, No. 8, 2025). This work explores hybrid deep learning architectures combining CNN and LSTM for automated image caption generation.
- **Dr Sanjeev Sannakki**, Professor and Head, Department of CSE, KLS Gogte Institute of Technology, Belagavi, presented a paper titled **“Adaptive Multi-Scale Fusion Preprocessing for Multiple Eye Disorder”** at the IEEE International Conference on Communication, Computer, and Information Technology (IC3IT-2025). The conference was held at Mysuru Royal Institute of Technology, Mandya, on 24th and 25th October 2025, in association with IEEE Bangalore Section and IEEE Mysore Subsection.

Faculty Accomplishments

- **Dr Govindraj R. Mane** was invited as the Guest of Honour and Resource Person for a Full-Day Faculty Development Program (FDP) on "Teaching Pedagogy for Digital Marketing." The FDP, jointly organized by Bright Business School, Hubli and Kousali Institute of Management Studies, Karnatak University, Dharwad, focused on innovative teaching strategies and the integration of digital tools in management education on 9th October 2025.

- **Dr Govindraj R. Mane** served as the Resource Person for the Faculty Development Program (FDP) on "AI Tools for Teaching and Learning" organized at KLS GIT, Belagavi, on October 25, 2025. The session highlighted practical AI applications that can enhance classroom engagement and support educators in creating interactive learning experiences.

- **Dr Sharada Kori**, Professor, Department of CSE, KLS Gogte Institute of Technology, Belagavi, was invited as a Judge at InnoVision 2K25, a Science Exhibition organized under the ATAL Tinkering Lab by St. Joseph's Convent High School, Belagavi. The event provided a platform for young innovators to showcase creative science and technology projects, promoting experiential learning and STEM-based innovation among students

Faculty Accomplishments

- **Mr. Virupakshi Hiremath** successfully defended his **Ph.D. final viva** on October 11, 2025 and has been recommended for award of the degree. His doctoral research, titled "An Analytical Study of Consumer Buying Behavior towards Online Shopping in Selected Cities of North Karnataka," was carried out under the guidance of **Dr. Sanjeev Ingalagi, Associate Prof, Dept of MBA.**

- **Dr. Prasanna S. Koujalagi**, Associate Professor in Chemistry has taken over the charge as **Head of the Chemistry Department** from 21st July 2025.

- **Dr Chetan Kotabage** published a science fiction 'Waiting for photon' in the Diwali issue of renowned magazine 'Dhanajay'.
- **Dr Chetan Kotabage** published a techno fiction 'Shardddha' in the Diwali issue of renowned magazine 'Naval'
- **Dr Mallikarjun Math**, Professor, Department of CSE, KLS Gogte Institute of Technology, Belagavi, has been nominated as a Member of the **Board of Examiners (BoE)** for the MCA program at Rani Channamma University, Belagavi, for the academic year 2025–26. This recognition reflects his academic excellence and leadership in the field of Computer Science & Engineering.
- **Dr Sharada Kori**, Professor, Department of CSE, KLS Gogte Institute of Technology, Belagavi, has been appointed as a Member of the **Board of Studies (BoS)** in Computer Science & Engineering at Annasaheb Dange College of Engineering & Technology (ADCET), Ashta – Shivaji University, Kolhapur, for the tenure 2025–26 to 2027–28. This recognition highlights her academic excellence and contributions to curriculum development and innovation in engineering education.

Faculty Accomplishments

- **Prof. Sagar Pujar**, Assistant Professor, Department of CSE, KLS Gogte Institute of Technology, Belagavi, delivered an expert lecture on **“Common Cyber Threats, Best Practices in Cyber Security, and Securing Personal & Organizational Data”** during National Cyber Security Awareness Month at the Cantonment Board, Belagavi. The session emphasized cyber safety awareness and best practices for data protection in digital environments.

- **Dr M. M. Math**, Professor, Department of CSE, KLS Gogte Institute of Technology, Belagavi, inaugurated a one-day workshop on **“Innovation and Design Thinking”** at the VTU Regional Campus, Kalaburgi, on 17th October 2025. The workshop witnessed participation from 60 faculty members across the Kalyan Karnataka region.

- **Dr V. S. Rajpurohit**, Professor, Department of CSE, KLS Gogte Institute of Technology, Belagavi, served as the PhD examiner at MIT Manipal on 16th October 2025 for the thesis defense of Mr. Vishwas Kini. The examination was well-coordinated under the guidance of Dr. P. C. S. Swamy and Dean Dr. Radhika M. Pai, MIT Manipal

Student Accomplishments

- **Sneha Attu, Bhargavi Pai, and Anurag Ugargol** from the 7th semester, Department of CSE, KLS Gogte Institute of Technology, Belagavi, secured **3rd place at the ONEST Hackathon** organized by Deshpande Startups. Their team, *Techie Tribe*, developed *AccessMatch AI*, an innovative web application designed to enhance job accessibility for people with disabilities. The team was mentored by **Mr. Sagar Pujar and Dr. Sharada Kori**. This achievement highlights their creativity, teamwork, and commitment to inclusive technological innovation.

Students at Hindustan Management Academy (HMA)-Bengaluru

- The 7th-semester Aeronautical Engineering students participated in a two-week professional elective course titled **“Aircraft Systems, Testing, and Manufacturing Processes”** at HMA, Bengaluru, held from 06-10-2025 to 18-10-2025. The students were accompanied by **Prof. Nirupamaswamy**, while **Dr. L. Chikmath** attended the inaugural session. The entire program was coordinated by **Prof. Dharmendra A. P.**

Webinars/Seminars/Workshop/Other Events

- **Dr Somasekhara Goud Sontti** from Chemical Engineering Department, IIT Dharwad visited the Chemistry Department and Centre for Nanoscience and Nanotechnology on 24th September 2025 and interacted with faculty members on research and collaborations.

- B.Sc. (Hons) First year Fresher Welcome Function was arranged by Chemistry Department on 15th September 2025. **Dr M. S. Patil Principal** was the Chief Guest and welcomed the students to GIT. HoD's of Physics, Chemistry and Mathematics presented their department profile and facilities during the function.

- An awareness session on "Center For English Excellence" was arranged for 1st year B.Sc. (Hons) students on 29th September 2025. It gave an idea about English courses and facilities available for students learning.

Webinars/Seminars/Workshop/Other Events

The Department of Architecture on 11 th September 2025 inaugurated the state of art **AR/VR laboratory** set up in the department premises at the hands of noted AR/VR expert **Prof. Ramaswamy R.N** from Manipal, The Inauguration was attended by Dr. M.S. Patil, Principal, Deans, and HOD's.

The inauguration of the facility was followed by a **3-day Short term Training Program (STTP)** titled "Application of Virtual Reality in Design" from 11 th September to 13 th September with enthusiastic participation from staff of Architecture, Civil, Mechanical and Aeronautical Departments. The event was coordinated by Prof. Ritesh Dharmayat and Prof. Prasad Kulkarni

SPACE TALK
'Accidental Architect, Purposeful Teacher'

DATE - 29th September 2025
TIME - 10:00 AM to 12:00 PM
(Open to all)

VENUE - Silver Jubilee Auditorium,
KLS Gogte Institute of Technology,
Udyambag, Belagavi.

WORKSHOP
'Parametric Bioclimatism'
29th September 2025.
(for students of 5th semester)
VENUE - Lab 7

Dr. Pratheek Sudhakaran
Founder, CSEA

FACULTY CO-ORDINATORS
Prof. Pratiksha N. Navelkar
Prof. Omkar P. Vernekar
Prof. Trupti Khanolkar

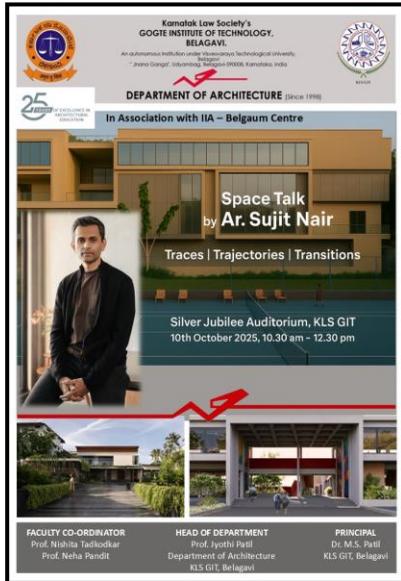

HEAD OF THE DEPARTMENT
Prof. JYOTSNA P. PATIL
Department of Architecture,
KLS GIT, Belagavi.

PRINCIPAL
Dr. M. S. Patil
KLS GIT, Belagavi.

The Department of Architecture on 30th September 2025 organized Space talk and one-day Workshop on Parametric Bioclimatism by **Dr. Pratheek Sudhakaran**. The session gave insights on AI, Architecture, Humanity and Algorithmic Future. It was attended by faculties, B. Arch students and Diploma Architecture students of KLS VPP, Belagavi. The event was coordinated by Prof. Pratiksha Navelkar, Prof. Omkar Vernekar and Prof. Trupti Khanolkar.

Webinars/Seminars/Workshop/Other Events

The Department of Architecture on 10th October 2025 organized Space Talk in association with the IIA - Belgaum Centre by **Ar. Sujit Nair**. The session on Traces | Trajectories | Transitions in Architecture was attended by faculties, B. Arch. students and Diploma Architecture students of KLS VPP, Belagavi.

The event was coordinated by **Prof. Nishita Tadkodkar** and **Prof. Neha Pandit**.

Dr V. S. Rajpurohit and Prof. G. R. Deshpande from the Department of CSE, KLS Gogte Institute of Technology, Belagavi, organized a three-day workshop on "Cloud Computing & Socket Programming" for 3rd and 7th semester students. The sessions were conducted by Dr. Shridhar Domnal, Cloud Architect Engineer at Accenture, Bengaluru, esteemed alumnus, adjunct faculty, and External BoS member of the department. Students highly appreciated the insightful sessions and effective planning. Special thanks to Cloud Computing faculty members Prof. Poonam and Prof. Sagar Talagati and Network Programming faculty members Dr. Umesh K, Prof. Shubhada, and Dr. Prashant N for their valuable support.

Webinars/Seminars/Workshop/Other Events

- Prof. Pankaja Patil S. K., Prof. Sudha Salake, and Dr. Arati Shahapurkar from the Department of CSE, KLS Gogte Institute of Technology, Belagavi, coordinated a Student Development Program on "Industry Readiness Skills for Cracking Campus Interviews" held on 14th October 2025. The session was conducted by Dr. Clement Sudhahar, Faculty at IFB Bangalore, who shared valuable insights on enhancing employability and campus interview preparedness. The program was supported by Dr. Kavita Hanabaratti IIC convener and Dr. Sanjeev Sannakki, Head of the Department, CSE

- The Department of CSE, KLS Gogte Institute of Technology, Belagavi, successfully conducted the **Internal Smart India Hackathon (SIH) 2025**. The event was organized by the ACE-CSI and CodeChef faculty coordinators, providing students with a platform to showcase innovative solutions and enhance problem-solving skills through collaborative teamwork.

Dr. R. K. Pant, demonstrating flight principles

- Department of Aeronautical Engineering, organized one day seminar on “ **Aircraft Design for Aspiring Engineers: Concepts and Challenges**” by **Dr. R. K. Pant**, Professor, Department of Aerospace Engineering, IIT Bombay on 17th September 2025. The event was coordinated by **Dr Praveen Balaguri**

Shri B. A. Subramani demonstrating satellite operations

- Department of Aeronautical Engineering, organized one day technical seminar on “**Space Communication: Practical Perspectives**” by **B. A. Subramani**, Vice President IRG Labs, Bengaluru and retired simulation engineer, ISRO-Bengaluru on 28/10/2025. The event was coordinated by Prof. Nirupamaswamy

In our previous story, we took you inside Creintors' innovation floor — where students, engineers, and ideas came together to build world-first solutions like the Bumper ASRS and contribute to the “Make in India” mission.

But innovation doesn't stop at the machine. At Creintors, it's a mindset that drives everything we do — whether we're representing Indian engineering on global platforms, giving back to the community, or celebrating the spirit that keeps us moving forward. Because true innovation isn't just about creating technology; it's about creating impact.

Taking Indian Innovation to the World This year, Creintors stepped onto some of the country's biggest stages of technology and engineering — ACMEE Expo (Chennai), Automation Expo (Mumbai), and CII Integrator Expo (Mysuru).

Each expo was more than just a showcase; it was a learning ground where ideas met opportunities. Our teams interacted with industry leaders, global suppliers, and young innovators, exchanging insights on automation, sustainability, and manufacturing excellence. For students looking to bridge classroom knowledge with real-world application, these platforms demonstrate how Indian companies like Creintors are competing — and collaborating — at a global level. Every project we display and every connection we make brings us closer to redefining what “Make in India” truly means

Our Independence Week celebrations were a perfect reflection of this spirit. The week was filled with engaging activities — from a “Wall of Quotes” capturing thoughts on freedom and innovation, to a quiz that tested not just knowledge but perspective. The cubicle décor and selfie competitions brought out everyone’s artistic side, reminding us that creativity wears many hats — from design boards to decoration boards!

Then came Navratri — nine vibrant days of dance, colour, and togetherness. Our shop floors and offices came alive during break time with Garba, laughter, and music. Competitions for Best Dressed and Most Enthusiastic Participant filled every corner with joy and energy. These moments reminded us that while machines may define our workspace, people define our workplace.

And as the festive season continued, Diwali at Creintors brought another wave of excitement and creativity. Teams came together to decorate their spaces with lights, rangoli, and handmade décor — all done with spontaneous, on-the-spot ideas, that

reflected their teamwork and imagination. Friendly competitions turned into celebrations of unity and innovation, where collaboration shone brighter than the diyas themselves. The winners took home prizes, but what truly lit up the day was the spirit of togetherness that defined every corner of Creintors.

Building a Culture of Continuous Growth

Every step Creintors takes — from expos to community drives to celebrations — is rooted in one belief: that growth must be holistic. We don't just engineer products; we engineer experiences that shape our teams, our partners, and the world around us.

For students who dream of joining the industry, this is what Creintors represents — a place where innovation isn't confined to labs, and where success isn't measured only in machines, but also in minds inspired and lives touched.

🌟 The Journey Ahead

As we move forward, we continue to build on our commitment to excellence, responsibility, and culture. Our doors remain open to curious learners who want to see, learn, and experience what it truly means to be part of the “3i Ecosystem” — a place where Ideas, Implementation, and Impact come together.

Because at Creintors, every idea has the power to move — industries, communities, and hearts alike.

KLS-GIT ACCORDS GRAND WELCOME TO FRESHERS

EXPRESS NEWS SERVICE @Belagavi

KLS' Gogte Institute of Technology (GIT), Belagavi, gave a grand welcome to the newly admitted first-year B.E. and B.Design students by holding a vibrant event on campus on Tuesday.

The event marked the beginning of an exciting academic journey for the fresh batch. The function was inaugurated by Rajendra Belgaumkar, Chairman of the Governing Council, alongside Dr. MS Patil, Principal of GIT. In his welcome address, Shri Belgaumkar inspired students to pursue academic excellence, innovation, and holistic development, emphasising the importance of building a strong foundation for their future.

Dr MS Patil reaffirmed the institute's commitment to nurturing

talent and fostering leadership qualities, encouraging students to take full advantage of the opportunities and resources available at GIT. KCET toppers were felicitated during the event with certificates and awards, recognising their achievements and setting a benchmark for academic aspiration.

The Heads of Departments presented insightful overviews of their respective departments, offering students a glimpse of the academic structure, career prospects, and placement opportunities. These presentations aimed to help freshers align their goals with the institute's vision and resources.

The event was graced by Dr. M K Rendale, first-year coordinator, along with Deans and HoDs, who extended their support and guidance to the new batch.

Material testing lab launched at KLS GIT

EXPRESS NEWS SERVICE
@ Belagavi

THE Department of Civil Engineering at KLS Gogte Institute of Technology (GIT), Belagavi, inaugurated its newly established Material Testing Laboratory on Saturday, marking a major step toward strengthening hands-on learning and research infrastructure for civil engineering students.

The facility, sponsored under the Corporate Social Responsibility (CSR) initiative of FOSROC Chemicals (India) Pvt. Ltd., is designed to support advanced experimentation and testing in material strength and property analysis—benefiting both academic and research pursuits in civil engineering.

Chief guest Shankar Kottur, General Manager of FOSROC, Bengaluru inaugurated the lab. Rajendra Belgaunkar, Chairman of the Governing Council, KLS GIT, presided over the event and commended the fruitful collaboration between academia and industry, emphasising its importance in promoting innovation and skill development among engineering students.

In his address, Dr Vaibhav R Chate, Head of the Department of Civil Engineering, highlighted the importance of the new laboratory in fostering experiential learning and research excellence. Prof. DA Kulkarni, Dean - Administration, lauded the institute's commitment to providing state-of-the-art facilities and expressed gratitude to FOSROC for their generous support in realising this initiative.

Located within the structural engineering laboratory premises, the new Material Testing Laboratory is equipped with modern instruments to analyse the physical and mechanical properties of construction materials. The addition of this facility underscores KLS GIT's ongoing mission to produce future-ready engineers equipped with practical skills and innovative thinking.

Chief guest Shankar Kottur, General Manager of FOSROC, Bengaluru inaugurated the lab. Rajendra Belgaunkar, Chairman of the Governing Council, KLS GIT, presided over the event and commended the fruitful collaboration between

GIT introduces advanced lab for civil engineering students

The Goan Network | 27th October, 12:34 am

Shankar Kottur with the GIT team at the inauguration of the Material Testing Laboratory.

Belagavi

KLS Gogte Institute of Technology (GIT), Belagavi, inaugurated its new state-of-the-art Material Testing Laboratory on October 25. The facility has been set up with CSR support from FOSROC Chemicals (India) Pvt Ltd, Bengaluru, and aims to strengthen hands-on learning and support advanced research for civil engineering students.

Shankar Kottur, General Manager of FOSROC Chemicals (India) Pvt Ltd, was the chief guest for the event. Rajendra Belgaumkar, Chairman of the Governing Council of KLS GIT, presided over the programme.

He stressed the importance of close collaboration between industry and academic institutions to promote innovation and produce skilled engineers.

Speaking on the occasion, Dr Vaibhav R Chate highlighted the value of modern testing facilities in helping students develop practical skills. He said the new laboratory will play a key role in both academic development and applied research.

Prof D A Kulkarni, Dean (Administration), appreciated the institute's continuous efforts to enhance its infrastructure and thanked FOSROC for its support in making the project possible.

The laboratory is equipped to carry out detailed tests on material strength, durability and performance, and will be a vital resource for teaching and research in civil engineering.

The event was held at the Structural Engineering Laboratory premises and marked an important step in KLS GIT's commitment to developing industry-ready engineers.

GIT inaugurates Material Testing Lab

BELAGAVI, DHNS
KLS Gogte Institute of Technology (GIT) Civil Engineering Department inaugurated its Material Testing Laboratory on Saturday.
 The facility has been sponsored under CSR funding supported by Fosroc Chemicals (India) Private Limited, Bengaluru, and aims to boost hands-on learning and cutting-edge research for civil engineering students. Fosroc Chemicals General Manager Shankar Kottur inaugurated the facility. GIT Governing Council Chairman Rajendra Belgaumkar, in his presidential remarks, acknowledged the vital role of industry-academia collaboration in driving innovation and skill development in engineering education.
 Civil Engineering Department Head Vaibhav Chate emphasised the significance of advanced testing infrastructure for fostering practical knowledge among students.
 Dean Administration Prof D A Kulkarni highlighted GIT's commitment to providing top-tier educational facilities and thanked Fosroc for their support in the landmark initiative.
 The laboratory is equipped to cater to various aspects of material strength and property analysis, benefiting both academic curriculum and research activities in civil engineering.

जीआयटीचे विविध स्पर्धांमध्ये यश

वेळगाव : शरीरसौष्ठव स्पर्धेत क्रमांकप्राप्त ओम, शील व श्रेय.

वेळगाव : पुढारी वृत्तसेवा

केएलएस जीआयटीच्या विद्यार्थ्यांनी बंगळूर येथील ग्लोबल अकादमी ऑफ टेक्नॉलॉजी येथे आयोजित व्हीटीयू राज्यस्तरीय वेटलिफ्टिंग, शरीरसौष्ठव आणि कुस्ती स्पर्धेत उत्कृष्ट कामगिरी केली.

शिवराज कोंडुस्कर याने ८८ किलो वेटलिफ्टिंग प्रकारात तिसरे स्थान मिळवले. ओम पाटील याने

त्याच्या पिळदार स्नायूंचे प्रदर्शन करत शरीरसौष्ठव स्पर्धेत द्वितीय क्रमांक, शील यानेही शरीरसौष्ठव स्पर्धेत द्वितीय क्रमांक तर श्रेय याने तृतीय क्रमांक पटकावला. कुस्तीमध्ये ६२ किलो गटात भुवनेश्वरी के. एन. उपविजेती ठरली, तिने मॅटवर उत्कृष्ट कौशल्य दाखवले. यशस्वी विद्यार्थ्यांना शुभस्वा शिखरे, निकिता पाटील आणि गिरीश कडगास्कई यांचे मार्गदर्शन लाभले.
