FROM THE PRINCIPAL'S DESK

Dear Sir/Madam,

On behalf of KLSGIT, I wish you all a very **HAPPY NEW YEAR 2026**. We at GIT always aim higher, year after year and the new year 2026 is no different. We are in the process of introducing new courses, setting up new COEs (Center of Excellence) in niche technologies, and establishing tie-ups with industries and research centers.

I feel proud to present the last volume for the year 2025 of our bi-monthly news bulletin, eSpectra for the period Nov.-Dec.2025. During this period many important events were hosted in our institute, the foremost being our **9th Graduation Day** along with Departmental Graduation Days.

The annual flagship technical fest **Avalanche 2025** along with various departmental events were held during this period.

Our strong alumni network continues to inspire, with many returning to campus to share insights and experiences, while others shine on global platforms, contributing to fields ranging from space education to AI-powered innovations. The **alumni meet** was conducted in KLSGIT.

We at KLSGIT, look forward yet another exciting year ahead, with determination and enthusiasm.

Warm Regards,
Dr M. S. Patil
Principal

KLS Gogte Institute of Technology's 9th Graduation Day

KLS Gogte Institute of Technology, Belagavi, marked a proud milestone on 22nd November 2025 hosting its 9th Graduation Day at the Silver Jubilee Auditorium. A total of **946 UG and 274 PG** students graduated, stepping into a future of promise and excellence.

The ceremony was graced by **Prof. Govindan Rangarajan, Director, Indian Institute of Science**, (IISc) Bengaluru who inspired the students with his insights into nonlinear dynamics and scientific innovation.

Esteemed Alumnus Shri Alla Ayodhya Rami Reddy, Member of Parliament Rajya Sabha and Chairman Ramky Group encouraged the students to seize emerging opportunities in research, entrepreneurship and industry collaboration. The ceremony also featured addresses by **Shri Rajendra Belgaumkar, Chairman of the Governing Council**, and **Dr M. S. Patil, Principal of KLSGIT**, highlighting the institution's achievements. Medals, awards, and certificates were presented to meritorious students for their outstanding performance.

Shri Pradeep Sawkar, **President of Karnatak Law Society**, delivered the Presidential Address, emphasizing the legacy of KLS institutions in fostering academic and professional brilliance. All the Members of KLS, Faculty, staff and proud families of the graduates attended in large numbers adding to the vibrant celebratory atmosphere.

KLS Gogte Institute of Technology's Avalanche Tech Fest 2025

KLS Gogte Institute of Technology, Belagavi, successfully inaugurated its flagship national-level techfest **AVALANCHE'25** on November 17, 2025. The event featured **Shri Pankaj Damodar Killedar, Scientist/Engineer 'G' and Director, MCF-ISRO Indian Space Research Organisation**, as Chief Guest, who inspired students to innovate, explore, and contribute to India's growing space ecosystem.

Shri Rajendra Belgaumkar, Chairman, Governing Council, KLS GIT, delivered Presidential address. The event highlighted the importance of technical fests in nurturing creativity, leadership, and problem-solving

The event was graced by **Dr M. S. Patil, Principal. Dr V. R. Chate** and **Prof. J. S. Patil**, Conveners. **Dr S. H. Patil** and **Prof. S. R. Mutkekar**, as Faculty Coordinators and **Student Coordinators Koushal Kedari and Aditya Math**, who played key roles in its success

Alumni Meet

KLS Gogte Institute of Technology (KLS GIT), Belagavi, celebrated the **Silver Jubilee Alumni Meet of the Class of 2000** with great enthusiasm and nostalgia on Saturday, 27 December 2025, at 10:30 AM in the Silver Jubilee Auditorium at KLS Gogte Institute of Technology. The program commenced with the presence of dignitaries, including **Shri Rajendra Belgaumkar, Chairman**, Governing Council, and **Dr M. S. Patil, Principal**, KLS GIT. **Dr Anupama Awati**, Alumni Coordinator. They extended a warm welcome to the gathering. Following the formal proceedings, alumni visited their respective departments, interacted with faculty members, and relived cherished memories. The meet concluded with a fellowship lunch, further strengthening the bond between the institute and its alumni. The gathering reaffirmed KLS GIT's commitment to nurturing lifelong relationships and fostering a vibrant alumni network. Attendees were delighted to witness the institute's recent infrastructural and academic advancements, particularly the state-of-the-art facilities established under the Centres of Excellences, which received high appreciation. The event was also attended by the Deans, Heads of Departments, and Coordinators of various sections. Alumni expressed heartfelt thanks to the Management and staff of KLS GIT for organizing the memorable occasion.

Alumni Home Coming

- **Shri. Praveen Sawkar**, Alumni of 1993 batch, visited Mechanical department on 17/11/2025 and visited all COE s. He appreciated all the initiatives and facilities.

- **Shri. Shrikant Kamble**, working as PSI at Vijayapura, alumni of 2015 batch Mechanical Engineering Department visited the department and the newly established facilities on 10th Dec 2025. He was welcomed by the HoD Dr. Harshit Kulkarni and alumni coordinator Dr. Tushar Hawal. He strongly expressed his interest in conducting awareness sessions for students for government exams.

Alumni Home Coming/Meet

- Alumnus of 1990 batch of Mechanical Engineering Department, **Shri Vijendra Purohit, Head-Industrial Tool Design and Engineering, Kyocera Precision Tools India Pvt. Ltd.** was invited as the Chief Guest for the Graduation day of the Department. He graced the occasion with his presence and guided the students with his valuable experience.

The Alumni Meet of the Class of 2001 was successfully organized on 29 November 2025 at the VLCI Room, 2nd Floor, Mechanical Engineering Department, KLS GIT. The event was jointly coordinated by the Alumni Relations Cell and the Mechanical Engineering Department.

Around 40 alumni from the class enthusiastically participated in the meet, travelling from Pune, Hyderabad, Bengaluru, and Chennai. Several alumni are currently serving in senior leadership positions such as CEOs, CTOs, Directors, and Senior Managers in reputed organizations across India and abroad. Their presence added immense pride and inspiration to the gathering.

Alumni Achievement

Our alumni from Architecture department have been featured in **India's 20 Best Renovation Projects 2025 by The Architect's Diary**

1. Studio Detail – K2 House, Bangalore, Ar. Rohit Mohite
2. The Saar Studio – Deshpande Residence, Belagavi, Ar. Rushikesh Gadvi and Pruthvi Jogdand.

Our alumni from Architecture department **Ar. Omkar Guder and Ar. Aditya Anvekar** from The Studio Aakar have made it to **FOAID creative Minds Next Finals**. The festival of Architecture and Interior designing (FOAID) is a prominent event in India That brings together architects, designers and industry expert to showcase innovative design and trends.

Alumni Achievement

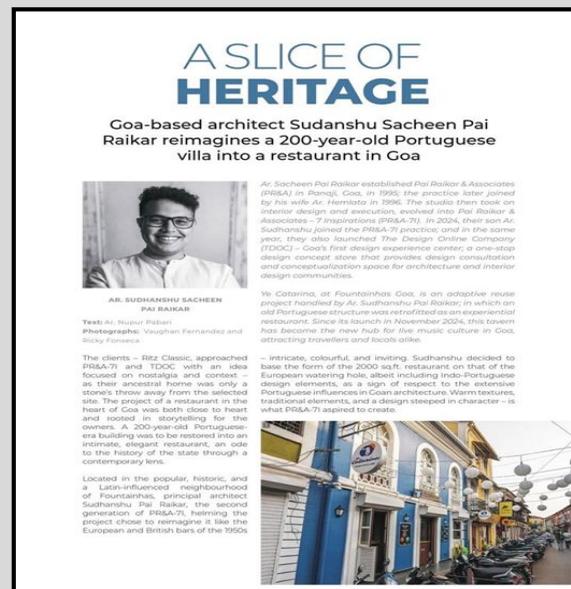

Our esteemed alumnus from the Class of 1984 (Civil Engineering), **Shri Alla Ayodhya Rami Reddy**, noted industrialist and Hon'ble Member of the Rajya Sabha, graced the occasion of the 9th Graduation Day.”.

Mr. V. V. Ranganath Prabhu, an alumnus from the Batch of 1991 and Senior Program Manager at Hewlett Packard Enterprise, graced the Graduation Day of the Department of Computer Science and Engineering Department

Our esteemed alumna from the Class of 1984, **Mrs. Geeta Joshi, Assistant Vice President at Hitachi Energy (formerly ABB)**, Vadodara, Gujarat, India, graced the 9th Graduation Day of the Department of Electrical and Electronics Engineering on November 24, 2025.

Our alumni from Architecture department **Ar. Sudhanshu Pai Raikar** has been featured in INSITE magazine for his remarkable adaptive reuse project Ye Catharina, where heritage meets contemporary design in the heart of Goa. A true inspiration – celebrating design rooted in context, culture and craft.

Our Alumni **Ar. Avantika Desai**, presented a two day workshop on Energy Efficient Design- an insightful session focusing on simulation – based analysis and sustainable architectural design.

Publications

Department of Computer Science and Engineering

- **Dr Sharada Kori**, Professor, Department of Computer Science and Engineering, successfully presented a research paper titled “**AI Teacher Assistant: AI-Powered Lecture Notes Generator**” at the 7th IEEE International Conference on Cybernetics, Cognition and Machine Learning Applications (ICCCMLA–2025), held on 1st and 2nd November 2025 under the IEEE Germany Section. The research work was carried out in collaboration with **Dr Ranjana Battur and PG Scholar Mr. Kartik Nayak**, whose contributions were instrumental to the successful completion of the study. This achievement reflects active participation in international research dissemination and contributes to advancements in the application of Artificial Intelligence in education

- **Prof. Veena Kangralkar, Dr Mallikarjun M. Math,, Dr Sharada M. Kori, Prof. Namitha S. Bhat, Prof. Seena M. Kalghatgi**, authored a research paper titled “**A Comprehensive Review of Text Summarization Using Various Deep Learning and Machine Learning Techniques**”. The paper was presented at the 10th International Conference on Information and Communication Technology for Competitive Strategies (ICTCS–2025), conducted from 15th to 17th December 2025). The paper was presented by **Prof. Veena Kangralkar** and was selected for publication in the ICTCS conference proceedings as per Springer guidelines, reflecting the scholarly quality and relevance of the research work. This achievement highlights collaborative research efforts and contributes to advancements in the field of Artificial Intelligence and Natural Language Processing.

Publications

- **Dr Rudragoud Patil** published a research article titled “**EEG-EmotionActivityNet: A Deep Learning Approach for Emotion and Human Activity Classification**” in the **International Journal of Information Technology**, a Springer Journal that is Q2 ranked and Scopus-indexed. The study presents a deep learning-based framework leveraging EEG signals for effective emotion recognition and human activity classification, contributing to advancements in affective computing and intelligent healthcare systems.

Department of Aeronautical Engineering

- **Dr Praveen Kumar Balguri** presented a research article titled “**Smart Flight Pathfinding Using Dijkstra’s and A* Algorithms: A Comparative Approach**” at the IEEE International Conference on Computational Innovations and Sustainable Technologies (ICCIST 2025) held on 18-19, Dec 2025 at Christ University Bengaluru.
- Faculty members (**Prof. I V Patil and Dr L. Chikmath**) from Aeronautical Engineering, presented the paper titled “**Numerical Study of Porous Cylinder in Supersonic Flow**” at **International conference on Fluid Mechanics and Fluid Power (FMFP-2025), Nirma University, Ahmedabad** from 19-21 Dec, 2025
- Seventh and second semester Aeronautical Engineering students (**Raju T, Shailesh G, Sapna P and Kalpaba B**) presented the paper titled “**Strength Enhancement of Adhesively Bonded Lap Joints using Hybrid Natural– Synthetic Fiber Reinforcements**” at **International conference on Advances in Computational and Experimental Approaches in Aerostructures (ICACEAA 2025) Jain University, Bengaluru** from 18-20 Dec, 2025. Their work was guided by **Dr L. Chikmath and Dr Ramanath**

Faculty Accomplishments

- **Dr Sanjay K. Deshpande** organized an industrial visit to Expert Valves and Equipment Pvt. Ltd., Belagavi, for MBA students on 31st December 2025. The visit enabled students to gain practical exposure to HR and training practices in an industrial setting. The interaction emphasized case study-based learning and the importance of linking classroom knowledge with real-world business scenarios.

- **Dr Sanjay K. Deshpande** delivered a special talk at the Government Teachers Training College, Belagavi, on 22nd December 2025, on the occasion of National Mathematics Day. The session focused on training government teachers in new pedagogical tools and innovative teaching methods to enhance teaching effectiveness.

Faculty Accomplishments

- **Dr Ranjana Battur** from Department of Computer Science and Engineering was invited to serve as a Judge for the Capstone Project Exhibition organized at AIMT, Belagavi. In this academic role, she evaluated final-year student projects across diverse domains and provided constructive feedback and expert academic insights. Her participation contributed to upholding academic rigor, promoting innovation-driven and experiential learning, and encouraging students to effectively apply theoretical knowledge to real-world problem-solving. This engagement highlights the institution's emphasis on quality education, faculty involvement in academic outreach, and outcome-based learning practices.

- **Dr R. S. Patil**, Department of Computer Science and Engineering, was invited to serve as a Judge for the Project Exhibition organized by the Department of Artificial Intelligence and Data Science at AIMT, Belagavi. In this academic role, he evaluated student projects and offered expert insights, contributing to the promotion of experiential learning, interdisciplinary engagement, and the effective application of theoretical knowledge to real-world problem scenarios. This participation reflects faculty involvement in academic outreach and quality enhancement initiatives.

Faculty Accomplishments

- **Dr Aarti Shahapurkar and Prof. Sudha Salake**, Department of Computer Science and Engineering, served as resource persons for a One-Day Workshop on “**Shaping Tomorrow with Intelligent Tools**”, jointly organized by the Department of Computer Applications in association with the Department of Artificial Intelligence and Data Science at S. G. Balekundi Institute of Technology, Belagavi. The programme focused on emerging AI tools and their practical applications, fostering experiential learning and enhancing technological awareness among students. The event underscored the institution’s commitment to promoting innovation, interdisciplinary learning, and industry-relevant skill development.

- **Prof. G. R. Deshpande**, Department of Computer Science and Engineering, provided valuable support and guidance in the successful organization of the One-Day Workshop on “**Shaping Tomorrow with Intelligent Tools**”. His proactive efforts in coordinating with students and encouraging their active participation played a crucial role in making the program meaningful and engaging. His continued encouragement, timely assistance, and commitment to fostering student-centric learning significantly contributed to the overall success of the workshop.
- **Dr Aarti Shahapurkar**, Department of Computer Science and Engineering, KLS Gogte Institute of Technology, was recognized for her academic contribution by serving as a Reviewer for the IEEE International Conference on Future Technologies (ICFT–2025). The conference was organized by Walchand College of Engineering, Sangli, on 7th–8th November 2025. Her role as a reviewer reflects her expertise in evaluating scholarly research and highlights her active involvement in national and international academic and research activities.

Faculty Accomplishments

- **Dr Sharada M. Kori**, Professor, Department of Computer Science and Engineering, served as a Reviewer for the International Conference on Health Informatics, Intelligent Systems and Networking Technologies (HINT'25), organized by the School of Computer Engineering, Manipal Institute of Technology, Manipal, during 15th–16th October 2025 in hybrid mode. Her contribution as a reviewer reflects her academic expertise in evaluating high-quality research submissions and highlights her active involvement in international scholarly and research activities.

- **Dr Rudragoud S. Patil**, Department of Computer Science and Engineering, was invited as a Jury Member for **Smart India Hackathon (SIH)–2025**, held at Visvesvaraya Technological University, Belagavi, on 8th and 9th December 2025. His participation as a jury member reflects his academic expertise and contribution towards evaluating innovative, problem-solving solutions proposed by students at the national level. He expressed his gratitude to KLS Management, Principal Dr M. S. Patil, and HoD Dr S. S. Sannakki for their constant encouragement and support

Faculty Accomplishments

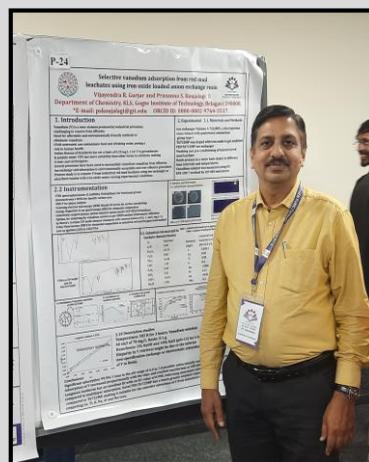

Ms Sheetal Bandekar, Mr H. S. Mogare and Mr Pavan Mitragotri completed 12 weeks NPTEL online certification from July - October 2025 on "**Fundamentals of Artificial Intelligence**"

Dr Pijush Barthakur and Prof. M. S. .Emmi completed 12-weeks NPTEL online certification on "**Artificial Intelligence: Concepts and Techniques**" from July - October 2025.

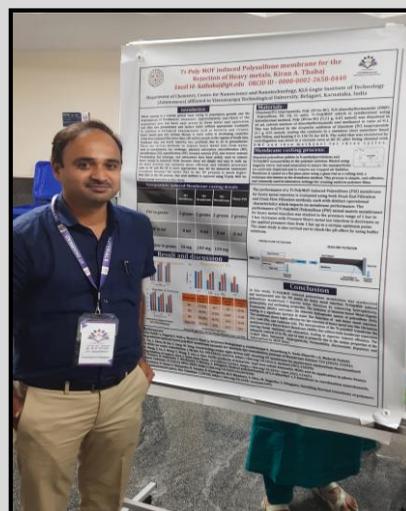

Dr Jayashri Madalgi and Prof. Swarooprani Manoor attended ATAL academy FDP on "**Exploring the impact of Artificial Intelligence on health care and future challenges**" at Angadi Institute of Technology and Management from 3 Nov 2025 to 8 Nov 2025.

Prof. Abhishek Nazare attended a 20 Hours online short term course on "**Deep Learning with Python**" organised by Dept of CS National Institute of Technology Warangal from 17 - 27 Nov 2025.

Prof. Shivani Patankar attended a online workshop on "**Machine Learning with Python**" organised by National Institute of Technology Warangal from 24 Nov 2025 to 04 Dec 2025.

- **Dr Prasanna S. Koujalagi** presented a poster on "**Selective vanadium adsorption from red mud leachates using iron oxide loaded anion exchange resin**" at ANRF sponsored National Symposium on Next Gen Functional materials, IIT Dharwad, on 31st October and 1st November 2025.

- **Dr Kiran A. Tabaj** presented a poster on "**Ti-PolyMOF induced Polysulfone membrane for the Rejection of Heavy metals**" at ANRF sponsored National Symposium on Next Gen Functional materials, IIT Dharwad, on 31st October and 1st November 2025.

Faculty Accomplishments

- **Dr Kuldeep Sambrekar** was invited as a keynote speaker at the **Opportunities for Pioneering Practices in AI (OPPA-2) Workshop and the 20th International Joint Symposium on Artificial Intelligence and Natural Language Processing (Isai-NLP 2025)**, held in **Phuket, Thailand**, from November 12 to 14, 2025.

Keynote address by Dr Kuldeep Sambrekar at OPPA-2, Isai-NLP 2025, Phuket, Thailand.

- **Prof. Savita Bakare**, successfully participated in and completed the AICTE Training and Learning (ATAL) Academy Faculty Development Program on “**Applications of R, Python & Bibliometric Tools in Research with Systematic Literature Review.**” from from 27/10/2025 to 01/11/2025.

- **Dr Kuldeep Sambrekar** was invited as an External Auditor to conduct the Academic and Administrative Audit of all programs at **D.Y. Patil College of Engineering & Technology (DYP CET), Kolhapur**, for the Academic Year 2024–25 on 10 December 2025, at the DYP CET campus.

Dr Kuldeep Sambrekar during the External Academic and Administrative Audit at DYP CET, Kolhapur.

- **Prof. Savita Bakare**, successfully participated in and completed the AICTE Training and Learning (ATAL) Academy Faculty Development Program titled “**The AI Frontier: LLMs, Ethics and Innovation.**” from 15 December to 20 December 2025.

Student Accomplishments

- **Saanvi Shetty, Rishab Chavadar, and Rishabh R. Kinnal (CSE)**, along with **Om Barge (Mechanical Engineering)** and **Hrishikesh Mutalik Desai (Electronics & Communication)**, KLS Gogte Institute of Technology, Belagavi, secured the **1st Runner-Up position at the All India Google Gen AI Exchange Hackathon**. Selected among over **10 lakh participants**, the team reached the Top 50 in the Grand Finale and won a cash prize of **₹1,50,000 and \$500 Google Cloud credits**. The team was mentored by **Dr Tushar Hawal**, with support from **Prof. Venkatesh Patil, Prof. Vidyadheesh Pandurangi, Prof. Satish Hukkeri, and Prof. Namitha Bhat**, showcasing outstanding interdisciplinary innovation and excellence.

- **Yash Hosalli (CSE), Prays Murari, Jiggyanshu Kumar, Kamran Aralikatti (EEE), Lavanya Chikorde (AE), and Anushka Gouranna (EC)**, 2nd-year multidisciplinary students of KLS Gogte Institute of Technology, Belagavi, emerged as winners of Problem Statement 25170 at **Smart India Hackathon (SIH) 2025, organized by ISRO**. The team developed an enhanced GPT-OSS framework with multimodal vision capabilities for Earth Observation data, enabling intelligent interpretation of satellite imagery and text using large-scale GPU computation. The team was mentored by **Dr Manjunath Manguli and Prof. Pavan Korlahalli**, with coordination support from **Dr Sharada Kori and Prof. Sagar Pujar**.

Student Accomplishments

- Seventh and second semester Aeronautical Engineering students (**Shailesh G and Kalpaba B**) presented the paper titled “**Investigation of Drag Reduction over a Supersonic Blunt Body using Counterflow Jet Injection**” at International conference on Fluid Mechanics and Fluid Power (FMFP-2025), Nirma University, Ahmedabad from 19-21 Dec, 2025. Their work was **guided by Dr. L. Chikmath**
- Seventh semester Aeronautical Engineering students (**Raju T and Sapna P**) presented the paper titled “**Aerodynamic Investigation of Spiked-Blunt Bodies in Supersonic Flow**” at International conference on Fluid Mechanics and Fluid Power (FMFP-2025), Nirma University, Ahmedabad from 19-21 Dec, 2025. Their work was guided by **Dr. L. Chikmath**

- **Seventh semester** Aeronautical Engineering students (**Kartik M, Darshan S and Tushar C**) presented the paper titled “**Sustainable composite fabrication from industrial waste; experimental and numerical evaluation for aerospace applications**” at International conference on Advances in Computational and Experimental Approaches in Aerostructures (ICACEAA-2025) Jain University, Bengaluru from 18-20 Dec, 2025. Their work was guided by **Dr L. Chikmath, Dr Manjunath and Prof. Gourav Kulkarni**

Under the able guidance of **Dr Sagar Santaji, Anisha Mukkannavar, Avani Inchal and Khushi Munavalli** of 7th semester students from the Department of ECE, successfully presented their research paper titled “**Integrated Lane with Road Sign Interpretation for Next-Gen Vehicles**” at the 7th International Conference on Soft Computing and its Engineering Applications held from December 9–11, 2025 in Hanoi, **Vietnam**

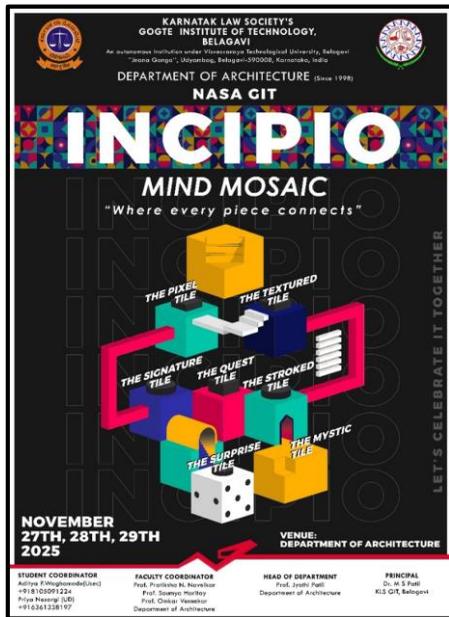

Webinars/Seminars/Workshop/Other Events

The Department of MBA, KLS Gogte Institute of Technology organized the Orientation Program for the MBA batch 2025–27 on 3rd November 2025, coordinated by **Dr Vani R. Hundekar**. The program aimed to familiarize students with the institution’s academic culture, values, expectations, and support systems. The inaugural session included a lamp-lighting ceremony and was graced by Chief Guest Shri Praveen Agadi, Co-Founder, Anusharan Group of Companies, along with **Dr H. N. Shivprasad, Dean–MBA**, and faculty members. Sessions were conducted on diverse themes such as teamwork, professional grooming, universal human values, waste management, exam orientation, placements, artificial intelligence, live projects, soft skills, and co-curricular learning to holistically prepare students for their MBA journey.

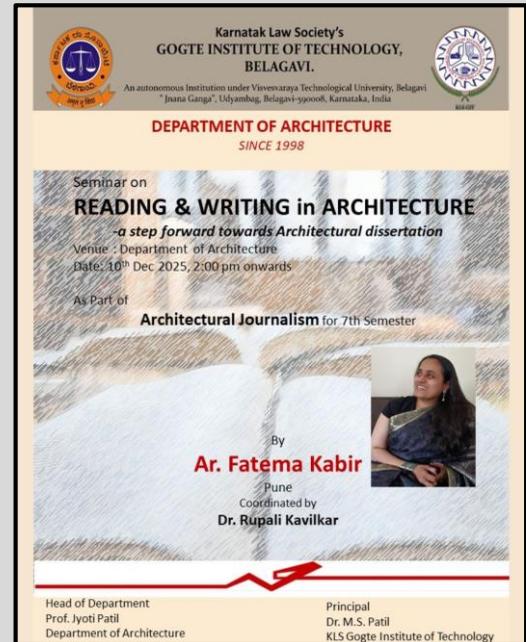

- An industrial visit to **AKP Ferrocast Pvt. Ltd.** was organized on 7th November 2025 for first-semester MBA students, coordinated by **Dr Sanjay K. Deshpande and Dr Vanishri R. Hundekar**. The visit provided students with practical exposure to organizational processes, standard operating procedures, and corporate culture. Students gained insights into the company’s client base, quality control practices, production processes, logistics chain, milestones, and challenges. Opportunities for summer internships, academic collaboration, and industry–academia interaction were also discussed, enriching students’ understanding of real-world business operations..

Webinars/Seminars/Workshop/Other Events

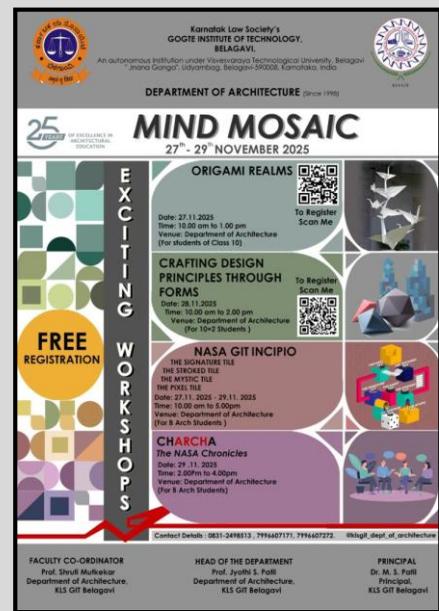

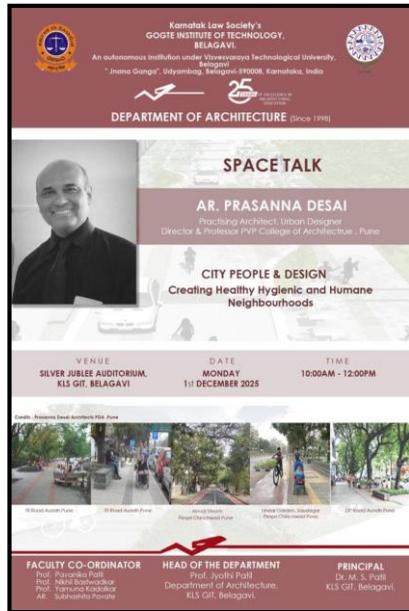

INCIPIO 2025 was a three-day Event organized for the students of the Architecture Department. The fest featured seven events ranging from sketching and creativity-based tasks to fashion, fun games, and design-related challenges. All semester students were grouped into five teams, aiming to create stronger vertical interaction and collaboration across semesters.

The event was organized by the NASA GIT Unit, under the guidance of the NASA Faculty Coordinators **Prof. Pratiksha Navelkar, Prof. Soumya Haritay, and Prof. Omkar Vernekar**

The Department of Architecture on 10th December 2025 organized Workshop on Reading and Writing in Architecture by **Ar. Fatema Kabir**, as part of Architecture Journalism elective. The event was coordinated by **Dr Rupali Kavilkar**.

Webinars/Seminars/Workshop/Other Events

The Department of Architecture on 1st December 2025 organized Space Talk and inauguration of 7th semester Urban Insert Exhibition by **Ar. Prasanna Desai**. The Space Talk provided insights on City, People & Design – Creating Healthy, Hygienic and Humane Neighbourhoods was attended by faculties, B. Arch. students and Diploma Architecture students of KLS VPP, Belagavi.

The Department of Architecture on 27th, 28th, 29th November 2025 organized **Mind Mosaic outreach events**. The Origami Realms, Crafting Design Principles through Form was successfully conducted for 10th standard students and PU college students across various schools, colleges in Belagavi. The workshop aimed to introduce students to creative thinking and to create awareness about design-oriented career paths such as Architecture and Diploma in Interior Design.

Webinars/Seminars/Workshop/Other Events

- The Department of Computer Science & Engineering, KLS Gogte Institute of Technology, Belagavi, successfully celebrated **National Entrepreneurship Day and National Education Day**, featuring an inspiring address by **Smt. Asha Yamakanmardi, an accomplished writer and entrepreneur**. The event was coordinated by **Dr Kavita D. Hanabaratti** (IIC Convenor) along with **Prof. Sudha Salake, Dr Arati Shahapurkar, and Prof. Pankaja Patil**, whose dedicated efforts ensured the smooth conduct and success of the programme. The celebration promoted innovation, entrepreneurial thinking, women empowerment, and experiential learning among students, reflecting the department's commitment to nurturing future-ready professionals.

- The Department of CSE, KLS Gogte Institute of Technology, Belagavi, successfully conducted a power-packed workshop on **“Introduction to Hackathons, Competitive Programming & Opportunities”** was successfully organized by the Department of Computer Science and Engineering, in association with the CodeChef KLS GIT Chapter and ACE-CSI, for first-year students. The session aimed to introduce students to coding culture, competitive programming, and innovation-driven problem-solving. The event was successfully coordinated by **Dr Sharada Kori, Prof. Sagar, Prof. Pavan Korlahalli, and Dr Manjunath M**, whose dedicated efforts ensured the smooth conduct and overall success of the programme.

Webinars/Seminars/Workshop/Other Events

- The Department of Computer Science and Engineering organized an industry visit to **Sarus Aerospace** on 1st December 2025 for 40 students of 3rd Semester CSE, aimed at enhancing experiential learning beyond the classroom. The visit was coordinated by **Dr Kavita Hanabaratti, Dr Arati Shahapurkar,** and **Ms. Sudha Salake,** and was led by **Mr. Rahul Patil, CEO, Sarus Aerospace.** Students were exposed to aerospace industry practices, emerging technologies, and career opportunities, gaining valuable insights into real-world engineering applications. The visit successfully strengthened industry-academia interaction and broadened students' understanding of evolving technological domains, with continued support from institutional leadership.

- The Department of Computer Science and Engineering, KLS Gogte Institute of Technology, successfully conducted the **Mine the Flag Coding Contest**, jointly organized by the CodeChef Club of GIT, ACE CSI Club of GIT, and IIC KLS GIT, in collaboration with HackerRank. The contest witnessed participation from 180 teams, with the top 30 teams advancing to the finals, testing skills in coding, debugging, reverse engineering, and algorithmic problem-solving. The event was led by Rahul Samedavar, Smita Niralgi, and Prathamesh Rendale, under the guidance of faculty coordinators **Prof. Sagar Pujar, Prof. Pavan Korahalli, Dr Sharada Kori, Prof. Sagar Talagatti, Prof. Tejashree Patil, Dr Manjunath Manguli,** and **Prof. Venkatesh Patil,** with strong support from the Training and Placement Cell, HoD (CSE), and the Principal.

Inside Creintors: Building Capability, Culture, and the Future

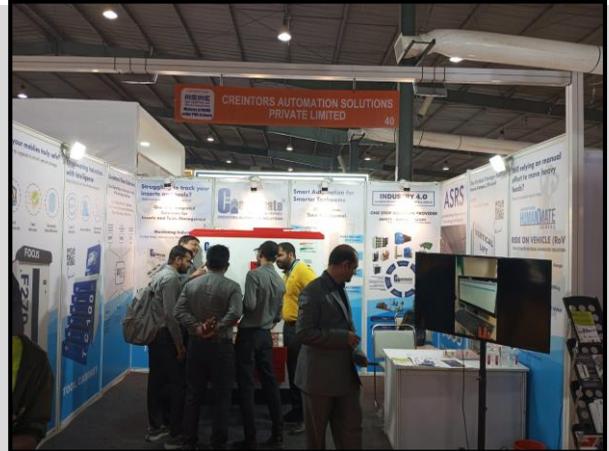

In the last edition, we shared how Creintors moved beyond classrooms and shop floors to create innovation with impact—through national projects, world-first solutions, and a culture rooted in purpose.

This edition continues that journey, focusing on how Creintors is strengthening its capabilities, empowering its people, and expanding its horizons to prepare for the future.

Because growth is not a single milestone—it's a continuous process.

Showcasing Indian Engineering at EngiMach Expo, Gandhinagar

Creintors recently participated in the EngiMach Expo at Gandhinagar, Gujarat, one of India's prominent platforms for manufacturing and engineering excellence. At the expo, we showcased ITMS 1000, a solution that reflects Creintors' approach to intelligent, efficient, and future-ready systems.

For students, such expos are important learning touchpoints. They show how ideas evolve into products, how customer needs shape innovation, and how Indian companies compete confidently on national and global platforms. EngiMach was not just about visibility—it was about conversations, insights, and strengthening our understanding of where industry is headed next.

Learning as a Culture, Not an Event

At Creintors, learning never stops. As part of our journey toward operational excellence, the team has been undergoing structured trainings across multiple topics, especially aligned with ZED (Zero Defect Zero Effect) Certification. ZED is more than a certification—it represents a mindset of quality, sustainability, and continuous improvement. Through focused training sessions, teams are learning how to improve processes, reduce waste, enhance efficiency, and deliver consistent value to customers.

For young engineers and management students, this highlights an important truth: industry values professionals who are willing to learn, unlearn, and upgrade themselves continuously. Certifications may validate competence, but learning builds confidence

Moving Towards ZED Certification

Creintors' journey toward ZED Certification reflects its commitment to building systems that are robust, responsible, and globally competitive. This initiative aligns closely with national priorities of strengthening Indian manufacturing while being mindful of environmental and quality standards.

The certification journey has encouraged teams to reflect on how every process—big or small—contributes to overall excellence. It reinforces the idea that quality is not inspected at the end; it is built at every step.

For students, this is a powerful reminder that real-world engineering and management demand discipline, consistency, and ownership.

Celebrating Respect and Inclusion: Men's Day Celebrations at Creintors

Culture plays a critical role in how organizations grow. At Creintors, this was beautifully reflected during Men's Day celebrations, organized by the Women Empowerment Committee.

The day was marked by appreciation, thoughtful activities, and meaningful conversations that celebrated respect, collaboration, and inclusivity. It reinforced the belief that strong organizations are built when people value and uplift one another.

Such moments remind students that professional success is not only about skills and titles—but also about empathy, teamwork, and mutual respect

Expanding to Accommodate More—In Every Sense

As Creintors continues to grow, expansion is happening on multiple fronts. The organization is actively expanding its capacity to accommodate more talent, execute more orders, and drive more innovations.

This growth is not accidental. It is the result of consistent effort, a strong value system, and a clear vision for the future.

New spaces, stronger teams, and evolving capabilities are all part of preparing Creintors for the next phase of its journey.

For students, this signals opportunity—opportunity to learn, contribute, and grow alongside an organization that is constantly evolving.

✦✦ What This Means for Students

Every expo attended, every certification pursued, every training conducted, and every celebration held reflects one underlying philosophy: **building for the long term.**

Creintors' journey shows that success comes from balancing innovation with discipline, ambition with responsibility, and growth with culture. For students standing at the threshold of their careers, this is an invitation—to look beyond degrees, embrace learning, and be part of organizations that value both excellence and ethics.

Because the future belongs not just to those who dream—but to those who prepare, adapt, and move forward with purpose.
